Attention: Tim Rundle, General Manager

Re: Statement of Authenticity

This statement serves as notification that salmon feed manufactured by Taplow Feeds for Creative Salmon Company Ltd. contains only the following ingredients:

Inputs	Approximate% Total (Wt)¹
1. Fishmeal – from herring as a by-product of the British Columbia Roe Herring fishery or from Anchovy, Mackerel, and/or Sardine sourced from Pacific pelagic fisheries. Both of these capture fisheries conform to standards and principles contained in the FAO Code of Conduct for Responsible Fisheries.	49 to 52
2. Fish Oil – from Herring, Anchovy, Mackerel, Sardine and Hake is obtained as a hot pressed by-product from the BC Roe Herring fishery or the Pacific pelagic fishery.	20 to 23
3. Wheat – is primarily certified organic wheat from Western Canadian prairies. Due to organic wheat shortages recently some regular wheat has been included in the manufacturing of this feed.	23 to 29
4. Calcium Propionate – Is a salt of the organic acid, propionic acid and is considered a GRAS (generally regarded as safe) product by the USDA. And an allowable feed ingredient by IFOAM (International Federation of Organic Agriculture Movements)	0.1
5. Phaffia yeast – source of astaxanthin	1.5
6. Mineral and Vitamin premix – essential minerals and vitamins	0.5
